5.0 Description of activity

5.1 Quality System Incidents

For the purposes of this document “Quality System Incidents” are defined as complaints, suggestions, observations and opportunities for improvement. Quality System Incident data is entered into the Corrective Action System for proper treatment. This procedure describes the methodology by which collects and processes incident reports; and communicates the impact to staff members. Halal Center Quality Certification Limited Company (hereinafter referred to as “Halal Center”) recognizes that incidents occur in daily operation that collectively have an impact on the Quality Management System. In order to properly analyze and address system issues a consistent and thorough process for collection of information is vital.

5.2 Complaints

Complaints are incidents of grievance or dissatisfaction with Halal Center’s service. Complaints may be:

- Internal in nature - raised by a staff member with regard to internal service, operations or employee performance
- external in nature- raised by clients, suppliers or other affiliated organizations
- written
- verbal
- complaints raised by client's customers or stake holders

5.3 Terminology used in this procedure for incidents

The incidents and complaints are considered as any of the below 4 things and procedure describes the system for handling the same.

Suggestions

Halal Center recognizes that positive feedback is as important as negative. Suggestions are vital in identifying preventive action and system improvement. As with complaints, suggestions may be internal or external in nature, written or verbal.

Appeals

Halal Center recognizes that the client may have some reservations or may not agree with the conduct of audit/inspection, audit/inspection findings, certification committee decision and / or overall interaction with staff. Client is free to communicate the same to Appeal committee and this is treated as an appeal from the client.

Observations

Observations are witnessed incidents of service/operational deficiency, malfunction and or failure. Observations are often made by individuals independent of the activity witnessed and therefore objective in nature . Observations also play important role in identification of preventive action and system improvement.

Opportunities for Improvement

Opportunities for Improvement are incidents where the system has not failed, yet greater operational efficiency may be obtained in analyzing current practice. Opportunities for Improvement are often collected internally, but input from external sources is also beneficial.

5.4 Receipt of Incidents

- 5.4.1 The quality incident may be reported by any means – verbal or written. In case of an external source, the incident report may be received by any staff member. The staff member shall fill the Incident report recording all the information and details of the complaint. The filled report shall be submitted to Quality Manager for further action. In case of internal source, the incident report shall be filled by the staff member and submit to Quality Manager.
- 5.4.2 Quality Manager shall contact (telephone, email, letter) the external source to acknowledge the receipt of information within 5 working days of receipt. He shall understand the issue in details from the source (to avoid any error in writing the report). He may decide to personally meet the initiator, depending on the gravity and seriousness of issue.

concerned client, respective auditor / lead auditor and review of audit/inspection report). Appeal subcommittee may also direct any other lead auditor to visit the site and determine the validity of the appeal. The decision taken by Appeal subcommittee shall be communicated to the client and to Certification Manager / Quality Manager for necessary action. The case is also discussed during the next MRM and Impartiality Committee meeting. In special cases, the case may be discussed with Impartiality Committee members on one-to-one basis.

5.7 Handling of Suggestions /Opportunity for improvement

- In case of suggestion / opportunity for improvement, the source is predominantly internal and the concerned staff member fills the incident report and submits to Certification Manager / Quality Manager. The other source may be internal / external audit/inspection.
- Certification Manager / Quality Manager studies the suggestion to determine any conflict with ISO/IEC 17021-1:2015, ISO/IEC 17065:2012, UAE.S 2055-2, GSO 2055-2 & OIC/SMIIC-02 and Halal Center's Policy. In case the suggestion is in conflict, the same is communicated to the initiator. However, the suggestion is also discussed in Management review. In case the suggestion is found not in conflict, the suggestion is studied for benefits and the impact on other processes.
- The suggestion is accepted if found beneficial and does not adversely impact any other process. Quality Manager determines the changes in existing documentation and implements through Document Change process.
- If any certified client or interested party asks for the appeal/complaint handling process, then it is forwarded to Certification Manager / Quality Manager. He will inform a certified client /any other interested party the appeals and complaint handling process of Halal Center if any complaints / appeals are received by certified clients / interested party

5.8 Closing of complaint and appeal

- 5.8.1 Depending on the nature of the non-conformity, the Certification Manager / Quality Manager may follow up with requests for corrective and preventive actions. When the investigation of client complaint and appeal determines that remote operation or other external organizations contributed to the complaint and appeal, the Certification Manager / Quality Manager or his delegate contacts these organizations and provides them with all relevant information.
- 5.8.2 Every client complaint and appeal is recorded. The records are maintained by the Quality Manager. When there are copies of written communication, reports and other documents related to a complaint and appeal, these records are organized into a file and are identified with the complaint and appeal number and also having records of the corresponding corrective or preventive actions. The records of investigations that concern product quality or other test characteristics are maintained by Quality Manager. Based on analysis of Client / Other Parties complaint and appeal, necessary actions are taken and client is replied for closing the complaint and appeal. Quality Manager identifies need for taking corrective and preventive action to prevent such complaint and appeal in future and accordingly concerned person is informed.
- 5.8.3 Complaints by consumers regarding a certified halal product/service shall be evaluated by complaint and appeal committee, which shall be responsible for making the necessary investigations. If, as a result of such evaluations, the complaint is found to be justified, the certificate holder shall be required to compensate for the damage(s) caused under the relevant provisions of the contract.
- 5.8.4 All the complaint and appeal received by Organization will be closed within 7 working days after receipt of the complaint and appeal. Certification Manager / Quality Manager is authorised for closing of complaint and appeal. Decisions regarding appeals shall be taken unanimously, not by majority of votes.
